Job Shadow Day a Success

Over thirty 10th grade students from across Beaufort County gathered for Job Shadow Day, which is put on by the Chamber's Education Committee. Students shadowed mentors in an array of careers including doctors, nurses, teachers, lawyers, veterinarians, engineers and more. Many students loved the career they shadowed and the day served as a stepping stone to continuing along a path oriented to pursue that choice. Others found that the career they were interested in was not well suited for them. The education committee considers both experiences a success, and hopes that Job Shadow Day will be a positive avenue for students to explore career opportunities.
